Glass roof Veranda

Provence Glass Roof Veranda

Our most popular glass roofed veranda Combines strength with Stylish Design

The Provence range is a top-quality aluminium veranda which incorporates a reinforced guttering profile. This ensures that the roof is sturdy enough to enable safety laminated glass roofing to be installed. Featuring a clear glass roof means no additional loss of light under your veranda.

You can enjoy viewing the sky from under your new glass veranda with the bonus of losing minimum light indoors after your installation.

The Provence glass veranda comes with endless size options:

Standard widths of 4060, 5060, 6060 and 7060mm and can be further extended in additional 1 metre widths.

Other veranda widths are available as special orders

Depths available are 2.5, 3, 3.5 and 4 metres.

The Provence glass veranda comes in a range of frame colours:

- Traffic White - RAL 9016
- Grey - RAL 7024
- Cream - RAL 9001
- Black - RAL 9005

The Provence has a choice of round or classic decorative gutter, and half round or square posts.

The Provence veranda can be fitted with various accessories:

- Glass sliding doors
- Side walls and Key frames
- LED lighting

NEW FOR SPRING 2025

Option to extend the maximum width between two support posts from 4m to 6m
